Other Individual Continuing Education Workshops

\$325 (\$300 Health Enrichment Center Graduate)

March – Health Care Massage: Lymphatic Drainage, Cranial Sacral/ Connective Tissue Methods

This 14-hour workshop blends three similar methods and target physiology into one integrated approach based on biological plausibility and evidence informed practice.

June– Therapeutic Massage - Outcome Based Massage:

Orthopedic / Functional Movement

This 14-hour workshop targets the assessment and intervention process to support movement and physical function. Various integrated movement assessment will be presented and effective intervention processes will be practiced.

August - Therapeutic Massage - Massage Excellence:

Therapeutic Taping and Hydrotherapy

This 14-hour workshop will share generic forms of therapeutic taping methods to augment massage therapy application. Additionally, a variety of hydrotherapy /thermotherapy methods will be shown and experienced based on Instructor, Luke Fritz's experience with the Detroit Pistons.

NOTE: the individual continuing education workshops are included as part of the full Advanced Professional Massage Training but offered separately for those not enrolled in the full program
